Individually designed excellence

DEBEN JOINERY

HANDCRAFTED JOINERY IN THE HEART OF SUFFOLK

OUR CRAFT

Combining originality, master craftsmanship and the ultimate in quality & finish.

We produce beautiful bespoke timber joinery custom-built to exact specifications made by our in-house team of expert joiners using state-of-the-art machinery. Our core commissions include anything from timber windows and doors to conservatories and garden rooms, through to one-of-a-kind pieces of furniture and bespoke fitted cabinetry. We even make boats.

Our extensive technical know-how enables us to offer a professional and personal service advising our customers on design solutions, materials and finishing.

We not only make unique one-offs for listed buildings and bespoke designs for private developments or residences, we also have the capacity to fulfil big orders on a large-scale-production basis.

We advise and work with homeowners, building contractors, architects, interior designers and private or commercial clients.

Our expertise is expansive. Everything from the sophistication of restoring historic buildings, to the most contemporary and environmentally friendly solutions on the market.

All of our timber products are produced with specialist detailing and can be supplied primed, polished or fully decorated.

Over 200 collective years of doing what we do best.

“Driven by a love of working with wood and a passion for the art of joinery”

"Their calibre of work is exceptional and has been proven throughout our working partnership. Even challenging ideas and bespoke designs never seem to faze Tony and the team."

— J.W. O'Dowd —
Jon O'Dowd - J.W. O'Dowd

"The finish of the solid timber is one of the best I have come across in over 20 years in this industry."

ABOUT US

Making A Difference

Tony Carr, Director, leads the businesses, along with our team of talented and experienced craftsmen. For many years we have also built up an external team of reliable specialist suppliers and trusted builders too. We collaborate with those that understand the level of quality of workmanship and materials we require for every project.

Creative Precision

Deben Joinery blend the ideas of the designer, the hand skills of the maker and the best choice of materials to produce high quality work. Each project or piece is a personal reflection of our craft.

Custom Statement Makers

- We have been supplying the trade and direct to the public for many years and by doing so have gained huge amounts of experience
- We use high-end materials, exceptional timbers and exquisite fittings
- We are reliable. We often prepare quotations within 24 hours
- Our windows are made using traditional methods combined with modern draught-proof systems
- We use only the best quality and durable paint finishes using micro-porous system for many maintenance free years
- We undertake all our work in-house, ensuring consistency of quality from start to finish

The Future

We believe passionately in the continuation of craft and welcome apprentices to ensure that we are passing on our knowledge to a new generation and supporting the longevity of future expert joiners. In an age of mass production and uniformity, we are proud to still be making as much by hand as possible using a team of experienced craftsmen with skills honed on the bench for more than 40 years and youthful dynamism of apprentices learning traditional techniques.

Our Brand Today

The Deben Joinery group of companies comprises two brands: Deben Joinery and Deben Windows.

Continuing Our Mission

Our mission remains simple: to manufacture, design, deliver and delight.

Bespoke joinery service is at the heart of our business.

We are very proud of the reputation and relationships that we have built with our clients, many of whom have become good friends and longstanding customers.

The Brief

From our initial meeting, we take time to learn about the client and their ambitions for each project. Here we leverage our knowledge and experience to explore the creative, financial and practical feasibility.

Surveying

Our team will carry out a survey to ascertain the precise dimensions of the space or work out the exact tolerances for built-in furniture. We can also pre-empt any access, integration, delivery or installation requirements.

Master Craftsmanship

We are industry accredited by the British Woodworking Federation.

OUR SERVICES

Personal, Professional And Uniquely Deben Joinery

At Deben Joinery we have an accumulation of experience in every aspect of design and manufacture of woodcraft, so we can help advise and inspire on any project however big or small.

Our customers will often use a photograph to show us a style, finish or piece they particularly like and we will endeavour to create something born from this concept or idea, but – of course – individually made and unique to them.

We specialise in:

- Intricate and traditional staircases
- Hand-made kitchens
- Individually designed bathroom furniture
- Tailor-made storage solutions for all areas
- Box sash and casement timber windows
- Any array of exterior and interior doors
- Custom built conservatories and orangeries

Our expertise is profound so to discuss your project ideas, grand designs or to simply ask us a question on how we can help you enhance your development or home please contact us.

BESPOKE JOINERY

Individually Designed Excellence

Individually designed, custom-made furniture, interiors and joinery. Always considered and crafted with a commitment to sustainability.

There is more to bespoke interior joinery than designing around uniquely shaped rooms or sloped ceilings. Our team of craftsmen will combine time-honed expertise with time-honoured techniques to maximise space and create beautiful storage spaces. Our work at Deben Joinery is often described as transformational.

Whether the choice is to use solid timber, veneers, formica laminate or many other applications and finishes, we can cater for all buildings of any style or period in both commercial and private arenas.

"We've worked together to solve design problems with staircases, roofs, windows, doors and even my personal scratch built Canadian canoe."

Bamber Johnson - Johnson Friel Ltd

STAIRCASES

The Ultimate Statement

We design, manufacture and install beautiful wooden staircases to transform homes, buildings and businesses.

We can provide purpose made staircases of any shape and size; from modest cottage stairs with winders or a quarter landing to grand staircases with turned spindles, newel posts, wreathed, scrolled and continuous handrails.

We work with you to create the best design solution and ensure your new staircase integrates flawlessly within the character of your property. Incorporating creative storage is also something we can advise you on from discreet drawers to seamless cupboards.

We regularly work with building contractors, architects, designers and homeowners, providing custom wooden staircases that range from the contemporary and practical to the specialist ornate.

KITCHENS

Distinctive And Imaginative

Unique made-to-order bespoke kitchen cabinets that are designed to enhance the heart of your home. Each piece is carefully considered to maximize storage space and embody the elegance and character of your home.

We will only ever select the finest wood that is most appropriate for its purpose and our best-in-class machinery ensures for optimal precision. Finishing and colour is such an individual aspect of any project too and we will work with you to offer our expert guidance on each element of your customised cabinetry.

We also collaborate with interior designers and architects to combine the perfect balance between design, space planning and carefully specified joinery to create the ultimate personalised kitchen.

BATHROOM CABINETRY

*Truly Unique For
Your Bathroom*

At Deben Joinery we are passionate about creating beautiful and inspiring spaces. Our expertise and experience allows us to craft everything from the luxurious and contemporary through to the traditional and classic. Whether it's bespoke wall panelling and fitted cabinetry or a truly custom-made freestanding bathroom vanity, we can create the perfect space for you to relax and unwind.

Working directly with clients, interior designers, architects and contractors to create beautifully bespoke bathrooms.

Defined by the detail, our luxury bathroom furniture is created using the finest materials and finishes.

WINDOWS, DOORS & CONSERVATORIES

*Traditional. Contemporary. Bespoke.
For An Authentic Enhancement
Of Your Home*

Whether you are looking to restore a period property, replace double glazing or start a new build project, our timber windows and doors not only look elegant and timeless, they also offer energy efficiency, security, smooth operation, and are made to last.

*A Real Living Space
Elegant Structures And Traditional Charm*

Our luxury timber conservatories, orangeries and summer rooms are manufactured using high quality engineering processes using only the finest materials that are designed to stand the test of time. Tailored in size with limitless designs, our bespoke conservatory extensions are true statement pieces.

OUR WORKSHOP

The Beating Heart Of Our Business

As well as enabling us to keep our skills in-house, so we can control and enhance quality and react quickly to our clients' requests, we also combine the very best new technology with age-old human hand skills. Our computer-controlled machinery allow for micro-accuracy, speed and ever more intricate detailing.

Finishing Touches

Our craftsmen understand that finish is everything. Whether it's a crisp edge, smooth finish, polished surface, an intriguing tactile texture or a brilliant bright white, the finish is always the first thing you see. We use a preparation and finishing system that protects the integrity of the paint, allowing the wood to breathe and guarantee a perfect finish on all of our windows and doors.

Our range includes:

RAL – available in white or classic
Dual or mixed colour finishes
Stain finish – available in a range of colours
We can also provide a colour match service.

Spray Booth & Drying Room

Optimising on finish, we have invested in a modern spray booth to provide a fully finished decoration service for our customers. Our bespoke tailored joinery, windows, doors and cabinetry can be supplied ready painted or lacquered with a quality factory finish using advanced micro-porous paint.

Our spray booth is a fully enclosed, temperature-controlled, dust-free environment that means the paint can be applied in a controlled way to ensure a more consistent, superior long lasting finish. It is also a more time efficient process than if applied by hand. After the joinery is sprayed it is transferred to an adjacent drying room to be fully cured.

"They deliver each project with expertise, offering creative solutions if they feel that a project would benefit from it and their craftsmanship and quality is consistently outstanding."

—  —
Jon O'Dowd - J.W. O'Dowd

“Deben Joinery have produced the finest sash and casement windows, bespoke staircases, louvre and bi-fold doors and unique one-off pieces of joinery for us on many occasions.”

—  —

Matt Smith - Oakridge Construction

MATERIALS

Ingrained With Excellence

At Deben Joinery, we offer a choice of finest quality timbers. Preferred timbers such as a Utile, Douglas Fir and Accoya are renowned for their durability and sustainability.

Sustainable timber is extremely important for both environmental purposes and the future of our industry. Wood is a natural resource, which we respect and acknowledge and we never use environmentally damaging cheap softwood timbers that have to be vac treated.

Both quality and characteristics of material are hugely important throughout the joinery process. We work with our preferred partners of certified timber merchants who supply extremely reliable and responsibly sourced timber.

Utile

Utile wood is well known for its hardness and durability, making it a beautiful and sustainable timber that is very popular. Originating from Africa, Utile is an appealing wood with many uses, including furniture and cabinetry, interior and exterior joinery.

Douglas Fir

The natural resins within the wood and the close annual rings make this timber very stable and weather resistant. From Canada and originally sourced in Victorian times this a favourite of ours tried and tested for windows and doors.

Accoya

Accoya timber is very durable and weather resistant. The unique qualities and appeal are down to a clever modification through a chemical process that alters the cell structure preventing it from holding moisture. We are an Accoya® Approved Manufacturer.

An aerial view of our workshop. Set in the heart of the Suffolk countryside on the Deben Estuary.

GET IN TOUCH

An Individual Statement

We'd love to hear from you so please give us a call, send an email or visit us at the workshop by appointment. Our opening times are Monday to Friday 08.30 - 16.30 hrs.
